Hello,

Thank you for your purchase of the FileChucker Full Version: 1-site Personal Website License. Your license number is:

31221023233915191415

This grants you a non-exclusive license to use FileChucker only for personal non-business purposes on the website "sierracountyofficeofeducation.org". Of course you can also use FileChucker on "localhost" or any other internal hostname that you may have, as well as on any subdomain of your registered domain(s). To use FileChucker for non-personal purposes (commercial, business-related, etc.) you must purchase the non-personal license, available at [www.encodable.com/filechucker/](http://www.encodable.com/filechucker/). Your copy of FileChucker may not be resold or redistributed in any way.

The license number is your proof of purchase, required when you'd like to request an updated copy of the application. You do not need to plug the license number into the application.

Attached to this email you will find your copy of FileChucker.

Please read the instructions and the FAQ:

<http://encodable.com/filechucker/#instructions>

<http://encodable.com/filechucker/faq/>

Or, let us install FileChucker for you:
